1245 Utica St Unit 101
Denver, Colorado 80204

Employment

July 2016 - December 2019

Creative Technology Director at Made

Lead development of builds for TGI Fridays, Under Armour, Beats by Dre, Diageo, and others. Worked with brands to modernize their technical offering by conceptualizing and architecting innovative digital toolsets.

February 2015 - July 2016

Creative Technologist at Made

Developed builds utilizing React.js, Backbone.js, SCSS and HTML. Conceptualized technology-driven ideas for a wide range of brands.

June 2014 - January 2015

Lead UX Engineer at Cannabase

Developed and helped architect the user facing experience of an early stage startup. Established organized coding standards to support growth.

August 2013 - May 2014

Contract Frontend Developer at Made

Utilized CSS3, HTML5, Javascript, jQuery, Backbone.js and the Adobe Suite across multiple projects while contributing to a small team.

March 2013 - August 2013

Frontend Developer at SportsLabs

Contributed to a mid-sized development team, working primarily with AngularJS, CSS, HTML, and jQuery.

April 2012 - February 2013

Frontend Developer at Orange Collar Media

Custom Magento and Wordpress e-commerce development using CSS, HTML, jQuery, PHP, and the Adobe Creative Suite.

January 2010 - April 2012

Frontend Developer & Designer at Zenman

Custom Wordpress development using CSS, HTML, jQuery, PHP, and Actionscript 2.0. Web design and branding using Adobe Creative Suite.

Spiel

Experienced developer and all-around tech advocate, primarily focused on building beautiful, highly functional products and working with brands to expand or solidify their digital offering.
